## TWO RIVERS OFFERS TRAINING OPPORTUNITY

### **Glasgow, MT September 15, 2017 – Two Rives Economic Growth brings Grant Writing Bootcamp for Nonprofits and Fundraising Workshop to Glasgow!**

Two Rivers Economic Growth is proud to announce affordable training opportunities for northeast Montanans. Laura Rhodes of Third Sector Consulting comes highly recommended by the Montana Nonprofit Association and she is going to be in Glasgow at the Cottonwood Inn & Suites October 11 & 12 to present a three hour Planning for Fundraising Success workshop from 1:30 pm-4:30 pm on the 11th, followed by a full day Grant Writing Bootcamp for Nonprofits workshop from 9:00 am-4:30 pm on the 12th.

The Grant Writing workshop is limited to just 20 people so we encourage early registration for this unique learning opportunity. Laura prefers working with a smaller class size so that participants take away as much as possible. This workshop was recently offered in Bozeman and cost of attendance was \$299. Two Rivers is offering this same course for \$125 and just \$100 for Two Rivers members.

Laura's Planning for Fundraising Success workshop is a 3 hour workshop and is limited to 40 participants. This is also being offered at a huge discount and anyone can benefit from content covered in this course. Developing a successful fundraising plan is key to success for many area groups and organizations in getting projects off the ground or creating sustainability in existing programs/events. Cost for this opportunity is just \$65 and \$50 for Two Rivers members.

Two Rivers is able to bring these workshops into our corner of the state with the support of the Valley County Community Foundation and Wells Fargo Bank. We are grateful for their generous contribution and in recognizing the impact that these workshops will provide now and year after year for area residents. Matching funds for these grants were provided by Two Rivers Economic Growth, Glasgow Area Chamber of Commerce & Glasgow Tourism Business Improvement District. We are equally grateful for our local cooperation as we can accomplish more in numbers than we can alone.

For more information or to register for these workshops please call Two Rivers Economic Growth at 406-263-GROW (4769), email [trg2@nemont.net](mailto:trg2@nemont.net) or visit [www.GrowValleyCounty.com](http://www.GrowValleyCounty.com).
